

Class 9: Azure PowerShell

Requirement: how to create resource group in azure using azure PowerShell

azure PowerShell Module

```
graph TD; A[azure PowerShell Module] --> B[Windows PowerShell]; C[Network] --> D[Infra];
```

The diagram consists of four rectangular boxes with rounded corners. The first box is light blue with a dark blue border and contains the text 'azure PowerShell Module'. A solid black arrow points downwards from the bottom center of this box to the top center of the second box. The second box is light yellow with a dark yellow border and contains the text 'Windows PowerShell'. Below this, there is a gap. Then, a third box is light orange with a dark orange border and contains the text 'Network'. A solid black arrow points downwards from the bottom center of this box to the top center of the fourth box. The fourth box is white with a dark purple border and contains the text 'Infra'.
